coinsorter CS 50

Coin counter and sorter

The CS 50 model is the ideal device for small amounts of coins. It counts and sorts up to 200 Euro coins per minute, quickly and trouble-free. The sorted coins fall into individually removable cups. The display shows the total value and the amount of coins count-

ed per sort. The batch function enables to enter a counting stop for each sort of coin. This is especially useful for counting coins for coin roles.

Tube set

- Suitable for the coinsorter CS 50
- 8 coin tubes included
- Ideal for a quick sorting of all coins

A long interruption of the sorting process is no longer needed!

Paper tubes

- Paper tube set of 80 paper tubes.
- 10 preformed tubes per coin
- Suitable for the coinsorter CS 50
